**HILL & MOIN**  
LLP  
LIKE HAVING A LAWYER IN YOUR FAMILY

## Leading the way in New York construction accident and premises liability cases with tenacious litigation skills combined with genuine care and concern for clients

Their success in the courtroom is measured not only by their impressive victories—over \$130 million in verdicts and settlements—but in the heartfelt appreciation expressed by their clients.

"Our firm is attuned to giving each client personal attention," says Cheryl Eisberg Moin, honored by government officials for her work in pursuing civil remedies for seriously injured parties. Hill & Moin's motto, "Like having a lawyer in your family," is at the core of the firm's mission—aimed at elevating the relationship with each client. Superlative litigators since 1980, with a staff of stellar, multilingual associate attorneys and paralegals, Melisande Hill and Moin represent victims of catastrophic injury caused by construction accidents, premises liability, sidewalk falls and auto accidents.

Multiple stunning triumphs in recent months reflect the varied achievements of Hill and Moin, both named to the Super Lawyers list, and their growing staff of lawyers: a \$2 million settlement for a Bronx Union carpenter injured at a construction site; a \$1.8 million verdict against a Brooklyn property owner for a mislaid mat; a \$900,000 settlement for a construction laborer struck by a concrete column; a \$850,000 settlement for a plumber struck by falling bricks at a worksite; a \$750,000 settlement for a worker who fell entering a building; a \$500,000 settlement for a maintenance worker injured by a mis-leveled elevator; a \$500,000 settlement for a physician struck by a van; and millions of dollars of settlements for injured parties.
